Change to the calendar of Company events 2011

Finmeccanica advises that the Board of Directors' meeting to approve the results for the third quarter 2011 will be held on Monday 14 November instead of Thursday 10 November 2011, as reported on 26 October 2011.

Finmeccanica plays a leading role in the global aerospace and defence industry, and participates in some of the sector's biggest international programmes through its group companies and thanks to well-established alliances with European and US partners. A leader in the design and manufacture of helicopters, defence and security electronics, civil and military aircraft, aerostructures, satellites, space infrastructure and defence systems, Finmeccanica is Italy's leading high-tech company. It also boasts significant manufacturing assets and expertise in the transport and energy sectors; it is listed on the Milan stock exchange and operates via a number of group companies and joint ventures. At September 30th 2011, the Finmeccanica Group had 71,050 employees, including 40,435 in Italy, approximately 10,600 in the US, more than 9,400 in the UK, nearly 3,700 in France, nearly 3,300 in Poland and 990 in Germany. Over 85% of the Group's employees are based in our three "domestic" markets (Italy, UK, USA). As part of its drive to maintain and build on its technological excellence, the Finmeccanica Group spends 11% of its revenues on research and development.
