

A dark red AgustaWestland AW119Kx helicopter is shown in flight, viewed from a side profile. The helicopter is positioned in the lower half of the frame, with its main rotor blades blurred due to motion. The background is a soft-focus landscape with trees and a body of water. The overall image has a modern, technical aesthetic with white geometric lines and squares overlaid on a grey background.

AW119^{Kx}

FAST AND FLEXIBLE

IT'S ABOUT YOUR BUSINESS

Featuring modern technology, the AW119Kx offers its customers excellent flying qualities, a Garmin's state-of-the-art G1000H™ Integrated Flight Deck, high inherent safety and unrivalled comfort.

The AW119Kx unobstructed cabin, the largest in its class, can be configured to customers unique specification and custom-finished to the highest standards.

Our Customer Support & Training Global Network provides AW119Kx operators a range of Service Plans and a state-of-the-art training capability, maximizing operational safety and availability.

ADVANCED AVIONICS

A state-of-the-art glass cockpit enhances situational awareness, improves safety and reduces pilot workload. Two 10.4" brilliant LCD units provide Primary Flight Display and Multi-Function Display information. Navigation aids such as Synthetic Vision, moving map and obstacle/terrain avoidance systems further inform pilots to ensure mission success. An independently powered stand-by electronic display provides critical data in the event of system failure.

MAXIMUM SAFETY AND EFFICIENCY

The AW119Kx offers best in class level of safety, typical of light-twin category helicopters. High available power ensures superior performance even in demanding conditions, whilst excellent cockpit visibility and advanced avionics reduce pilot workload. A high resistance cocoon-type airframe, redundancy of all main systems and dual independent 3-axis Stability Augmentation Systems (SAS) are standard features of the AW119Kx.

AW119Kx CHARACTERISTICS

Dimensions		
Overall length ⁽¹⁾	12.92 m	42 ft 05 in
Overall height	3.60 m	11 ft 10 in
Cabin volume	3.45 m ³	121.84 ft ³
Baggage volume	0.95 m ³	33.55 ft ³
Propulsion		
1 x Pratt & Withney Canada PT6B-37A		
Weight (MTOW)		
Internal loads	2,850 kg	6,283 lb
Seating		
Crew / Passenger	1-2 / 7-6	
Performance (ISA, MTOW)		
Cruise Speed (SL-MCP)	243 km/h	131 kt
Rate of Climb (SL-TOP)	9,1 m/s	1,800 ft/min
Hovering IGE	3,352 m	11,000 ft
Hovering OGE	2,225 m	7,300 ft
Service Ceiling	4,572 m	15,000 ft
Maximum range ⁽²⁾	954 km	515 nm
Maximum endurance ⁽²⁾	5 h 20 min	

⁽¹⁾ Rotors turning

⁽²⁾ With 688 kg usable fuel - no reserve - @ 5,000 ft

COMFORT BY DESIGN

With its spacious, comfortable and elegantly designed cabin, tailored to customer requirements, the AW119Kx offers more room than any other single engine helicopter and can comfortably accommodate 6 passengers.

A large, separate baggage compartment with up to 2.3 m maximum length can accommodate 150 kg of luggage, maximising available space in the cabin.
