Strong reaction to crisis

- Actions to get back to adequate levels of productivity delivered results
- More than € 500 m of cost savings, exceeding our targets
- Net investment savings of € 425 mln, ahead of plan

**clear evidence the business is under control**
## FY 2020 Group Results

### GROUP PERFORMANCE

- **Backlog** covers more than 2.5 years of production

- **New Orders** reflecting strong commercial performance (book to bill 1x)

- **Revenues** in line with 2019

- **Solid EBITA** in main businesses, offsetting worsening civil market and JVs

- **Net Result** impacted by the one-off update of the valuation of tangible and intangible assets in civil aeronautics as a result of the expected lower production rates imposed by certain customers and to the recognition of one-off costs incurred to comply with the government’s guidelines on the Covid-19

- **FOCF** positive value, with record Q4 cash generation as expected

- **Group Net Debt** includes the Acquisition of Kopter and IFRS 16 effects

- **Acquisition of 25.1% of Hensoldt**
  - Agreement to purchase a 25.1% stake in HENSOLDT, leading European player in the field of sensor solutions for defence and security applications, for ca. € 606 million.
  - The transaction supports further cooperation between Leonardo and HENSOLDT and will enhance a strategic long term presence in the fast growing German defence market
  - Solid capital structure maintained also through disposals and DRS listing
  - Closing subject to customary conditions and expected in 2H21

- **Acquisition of 30% of GEM elettronica**
  - Strengthening our position in naval business

**US**

- **DRS IPO of a minority stake**
  - Transaction to allow the financial market to better assess the embedded value of DRS
  - Leonardo continues to firmly believe in DRS’s strategic role and prospects and to support its development within the Group
  - Despite the interest of investors during the roadshow, the deal has been postponed due to unfavorable market conditions and it will be reconsidered when market conditions are more favorable, allowing an adequate valuation of DRS
Strong confidence in our core business fundamentals … well positioned for medium-long term

- Core businesses delivering well, with resilient military/governmental
- Addressing short-term challenges in a complex scenario
- Robust 2021 guidance on orders & revenues, with a solid underpinning of EBITA and FOCF, despite civil Aeronautics
- Future opportunities post Covid, leveraging transversal capabilities
- Confidence in medium-long term outlook and continuing to invest for it
- ESG enhancing our future performance

Helicopters: military-governmental supporting growth

2020 RESULTS

- Governmental orders (32 TH 73 A for the US Navy, customer support for the UK Merlin, Italian LUH and 31 NH 90 helicopters Germany) offsetting lower demand in civil
- Revenues driven by NH 90 Qatar and TH 73 A US, offsetting expected reduction on certain programmes and civil deliveries
- Lower efficiency due to COVID 19 and less favourable mix mitigated by actions aimed at recovering productivity and containing costs. 2019 benefitted from a review of UK pension scheme

## Electronics: Solid sales and industrial performance

### 2020 RESULTS

- Order Intake driven by military governmental Next generation radars (UK EFA), IMOS (Integrated Merlin Operational Support), Italian Blindo Centauro and 4 Vulcano for Dutch Navy

- Slight decrease in revenues due to slowdown in bookings related to COVID-19

- Profitability affected by programmes in development phase and extra costs in Automation. COVID 19 effects partially offset by cost savings and efficiency improvement initiatives

Aircraft: solid performance

2020 RESULTS

- Strong performance driven by modernisation of EFA Germany fleet, F-35 and logistic support services for Italian C-27J and EFA aircraft, despite export delays due to COVID
- EFA Kuwait ramp up more than offsetting COVID-19 slowdowns at revenues and EBITA level
- Cost savings also supporting profitability

Aerostructures: heavily impacted by the civil market downturn

2020 RESULTS

- Reduction in new orders as a result of the downturn in the commercial aviation market (for B787, 80 fuselages in 2020 vs 154 in 2019)
- Lower revenues due to B787 and ATR production rates reduction
- Lower productive hours driving under recovery of fixed costs due to COVID-19, only partially offset by cost savings and A380 termination compensation
- ATR Lower deliveries due to COVID-19 (10 aircraft delivered in 2020 vs 68 in 2019 due to civil market downturn)

We see a clear path to improve efficiency, address issues in medium-longer term and mitigate effects in short term

Focus on structural issues, mainly in civil businesses, to improve profitability and cash flow

- Review of strategic options to accelerate transformation and address structural issues
  - **Aerostructures**: proactive approach
  - **ATR**: reinforcing world leadership in Turboprop
  - **Electronics**: efficiency improvement plan launched
  - Taking portfolio actions on **Automation**
Results achieved are showing we are on the right path
Continuing to execute our strategic plan “Be Tomorrow-2030” based on strengthening the core, transforming to grow and mastering the new

**KOPTER Acquisition**
- Strengthening worldwide leadership in core businesses
- Entering a new helicopter segment
- Opening new market opportunities
- New competencies boosting future developments towards more disruptive technologies (i.e. hybrid/electrical propulsion)

**Innovation**
- At the forefront of innovation
  - Leonardo Labs
  - HPC “davinci-1”
- Driving key enabling capabilities i.e. big data, cloud, AI, augmented reality, simulation
- Enhancing core capabilities deployed across divisions
  - Aircrafts
  - Helicopters
  - Radars
  - Sensors
  - C&C
Positioning for the future: addressing post Covid challenges in civil Aeronautics

Two different paths for Aerostructures and ATR

**AEROSTRUCTURES**

Taking action to address issues: clear roadmap

- Rationalise industrial sites towards programmes and technologies
- Continue investing to increase efficiency/flexibility
- Headcount reduction
  - Early retirements (NPV positive)
  - Upskilling/Reskilling and redeployment within the Group
  - Working on ways for additional retirements to achieve the target
- Addressing issues and taking steps
  - Enhance new composite collaboration (i.e. Solvay)
  - Diversifying site production (i.e. EuroDrone)
  - New contract setup for A220 (benefits from 2H2023)

**ATR**

Reinforcing leadership in regional market

- Turboprop market to recover earlier vs entire civil aeronautics
  - 2020 bottom year (10 deliveries)
- Leader in regional market
  - ATR fleet flying
  - 6 Gross orders
  - 85 New roots opened
- Good market opportunities (i.e. a/c replacement)
- Industrial efficiency plan
  - Profitability improvement
  - Enlarging portfolio (STOL)
  - Delivering new Cargo version

...Clear path to address areas which are currently challenged

2 January 2020 – 31 December 2020

- In 2020, before COVID 19 outbreak, Leonardo share price outperformed market indices
- From March 2020, the spread of the pandemic in Europe (starting from Italy) and the COVID-19 effects on the air traffic materially affected European A&D sector and Leonardo

*A&D EU = Bloomberg EMEA Aerospace Defence Index. It is a capitalisation weighted index of the leading stocks in European, Middle Eastern and African region*
A&D sector share price performance materially affected by COVID-19 with a recovery starting from November 2020

2 January 2020 – 30 December 2020

- First signs of recovery started in November 2020, also driven by news on coronavirus vaccines which led to increased market optimism
AGM 2021

Positive market trend in 2021, strong Leonardo share price performance
1 January 2021 – 30 April 2021

- In 2021, financial markets performed well, as the investors saw an excellent environment for the equity markets beyond the Covid-19 pandemic: strong economic recovery, low inflation, accommodative monetary policy, decline in political risks
- Leonardo stock recorded a strong performance above European indices
Leonardo share price performance above European peers

1 January 2021 – 30 April 2021

- Strong YTD performance, above the major European peers, mainly driven by the DRS IPO announcement and cash flow expectations in the medium long term.

SAFE HARBOR STATEMENT

NOTE: Some of the statements included in this document are not historical facts but rather statements of future expectations, also related to future economic and financial performance, to be considered forward-looking statements. These forward-looking statements are based on Company’s views and assumptions as of the date of the statements and involve known and unknown risks and uncertainties that could cause actual results, performance or events to differ materially from those expressed or implied in such statements. Given these uncertainties, you should not rely on forward-looking statements.

The following factors could affect our forward-looking statements: the ability to obtain or the timing of obtaining future government awards; the availability of government funding and customer requirements both domestically and internationally; changes in government or customer priorities due to programme reviews or revisions to strategic objectives (including changes in priorities to respond to terrorist threats or to improve homeland security); difficulties in developing and producing operationally advanced technology systems; the competitive environment; economic business and political conditions domestically and internationally; programme performance and the timing of contract payments; the timing and customer acceptance of product deliveries and launches; our ability to achieve or realise savings for our customers or ourselves through our global cost-cutting programme and other financial management programmes; and the outcome of contingencies (including completion of any acquisitions and divestitures, litigation and environmental remediation efforts).

These are only some of the numerous factors that may affect the forward-looking statements contained in this document.

The Company undertakes no obligation to revise or update forward-looking statements as a result of new information since these statements may no longer be accurate or timely.
